

Charlottesville Open Data Portal Guide to Parcel and Real Estate Assessment Data

Produced 3/2019

Purpose: This document is intended to serve as a guide for accessing and joining data found on the City of Charlottesville's open data portal (<http://opendata.charlottesville.org>).

Datasets covered:

Parcel Boundary Area:

<http://opendata.charlottesville.org/datasets/parcel-boundary-area>

Parcel Area Details:

http://opendata.charlottesville.org/datasets/0e9946c2a77d4fc6ad16d9968509c588_72

Real Estate (Base Data):

<http://opendata.charlottesville.org/datasets/real-estate-base-data>

Real Estate (Residential Details):

http://opendata.charlottesville.org/datasets/c7adfdab73104a01a485dec324adcafb_17

Real Estate (Commercial Details):

http://opendata.charlottesville.org/datasets/17fbd0c459d84c71aa37b436d5231c0b_19

Parcel Boundary Area can be joined to Parcel Area Details by joining GeoParcelIdentificationNumber from Parcel Boundary Area to GeoParcelIdentificationNumber from Parcel Area Details.

Parcel Boundary Area can be joined to Real Estate (Base Data) by joining GeoParcelIdentificationNumber from Real Estate (Base Data) to GeoParcelIdentificationNumber from Parcel Area Details.

Parcel Area Details can be join to Real Estate (Residential Details) Real Estate (Commercial Details), and Real Estate (Base Data) by joining ParcelNumber from Parcel Area Details to ParcelNumber from any of the 3 Real Estate datasets.
